## PRO TIPS ARE FROM THE GREEN TEES

- Demanding tee shot that needs to end up right center of the fairway so you are not blocked by trees on the left. 2nd shot to an uphill green needs one more club.

- Hit a left to right tee shot. 2nd shot is into a green that slopes back to front.

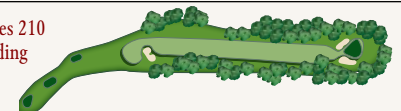

- A monster par 3 that requires a 195 carry of the front bunker to a green that slopes right to left.

- Ultimate risk/reward 265 yards to tree on right corner of fairway. Solid 2nd shot may result in eagle putt or lay up short of fairway bunker, leaving 70 yards to green for 3rd shot.

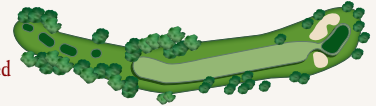

- Stay in between tree line with tee shot and you will have a mid to short iron 2nd shot to a green that slopes back to front. Avoid greenside bunkers.

- 185 yards to carry fairway bunker. Fairway slopes right to left. 2nd shot to a huge green guarded by two large bunkers, may be two clubs longer than you think.

- Demanding tee shot that requires 210 yards to carry the bunker. Avoiding trees with 2nd shot will leave a short 3rd shot to a small green.

- Don't let the handicap fool you, this hole provides a good test. 200 yards to carry front bunker, take dead aim and hit your best shot.

- Hit a right to left tee shot on this demanding final hole. The 2nd shot into the huge green surrounded by bunkers requires one more club.

PRO TIPS ARE FROM THE GREEN TEES

- 1 240 yards to carry fairway bunker. Short to mid iron 2nd shot, green slopes back to front.
- 2 First of many long par 4's. A good drive will split the fairway bunkers leaving mid to long iron 2nd shot. Green slopes back to front.
- 3 Smallest landing area of all par 4's, accuracy is the key. Short to mid iron 2nd shot to elevated green guarded by large bunker.
- 4 250 yards to carry fairway bunker with tee shot. 2nd shot can challenge the green, or lay up short of 2nd bunker 110 yards from green leaving a short 3rd.
- 5 Choose your club wisely depending on where the flag is. Keep the ball below the hole and you have a good chance to make par.
- 6 Avoid the pine trees to the left with tee shot. Long 2nd shot to a two-tiered green, guarded by two large bunkers. This hole provides a solid test.
- 7 Short par 5 - 230 yards to carry fairway bunker on the right. Tough 2nd shot avoid the left side, usually staying right with lay-up will put you in a good position.
- 8 Take the front bunker out of play on this long par 3 by using one more club. Par is a good score here.
- 9 230 yards to carry left bunker, avoid trees to the left. Mid to long iron for 2nd shot to well guarded green protected by two bunkers.
