

Dear League Secretary,

2019 is upon us and with the new golf season brings a few positive changes for you and your league here at Gull Lake View Resort.

In an effort to improve efficiencies here on league nights, we will be asking for “Pre-Payment” for each half of your golf league in 2019. Though it is a big change for GLV, this is no doubt consistent with most courses in the area and we believe it is a positive change for all parties.

We have built in some passes for Pre-Payment and the pricing will stay the same in 2019 which we hope will help this transition.

Our starters will have check in sheets to track each league, and our hopes are that Pre-Payment will greatly improve the speed of check in and ultimately the overall experience here on league nights. Seamless golf cart assigning, no more long lines and assurance you’ll have a consistent turn out each week.

We will extend collection dates to the 2nd official week of league for all secretaries to allow for time to collect from all players.

Subs for league players are encouraged and will be at no additional charge as the players have Pre-Paid for that spot.

Pricing 2019: (\$24 Weekly Greens & Cart Fees) x (# of weeks in each half)

Example: 20 week league = 10 week half x \$24 for each half (\$240)

***Opening Practice Night and Final Fun Night “will not” count in Pre-Payment Weeks.**

Those leagues with players who request to walk:

We will take walking name requests per each league – these players will “Pre-Pay” only the \$18 greens fee to the league secretary each half. We need names so we can have an accurate list.

In the case that a listed “Walker” decides to “Ride” on a given night, they will pay a \$8 cart fee (9 hole cart rate) at the counter.

If a pre-paid “Rider” decides to “Walk” on a given night, refunds will not be given. The league “Pre-Payment” keeps pricing in check as rates have been consistent the past 4 seasons.

Secretaries will receive one (9 hole pass w/ cart) to distribute to each league player, per half.

Members / Employees are subject to their standard rates based on their program.

***Practice Night: Each league is allowed a practice night as their opening night and Gull Lake View will cover all fees for the opening practice night. This will not count into the pre-payment week pricing.**

****If you plan a final “Fun Night” this will not be counted into your weekly pre-pay amount as “Fun Nights” are hosted many different ways around the resort.**

Sincerely,

GLV Management
